

“

WHEN TREES ARE
PLANTED IN AFRICA,
IT BENEFITS NOT ONLY
AFRICA BUT ALSO
EUROPE.

LET'S PLANT TREES
FOR OUR PLANET AND
FOR A GOOD FUTURE
FOR ALL!

”1 EURO FOR CLIMATE JUSTICE ”

Climate change concerns the whole of humanity. People in the Global South, who contribute the least to global greenhouse gas emissions, are affected the most. Combating climate change requires a global effort that recognises and reduces these inequalities.

With the "1 Euro for Climate Justice" campaign, the NFI invites all Naturefriends groups to make a substantial contribution towards a future worth living for all people.

Our vision: Every Naturefriends group from the Global North donates 1 euro per member per year for Climate Fund projects, that are implemented by African Naturefriends organisations.

WHAT DOES YOUR 1 EURO DO?

Donations empower African Naturefriends to implement projects addressing climate change and enhancing living conditions, with dedicated teams working in collaboration with the local population.

BE PART OF OUR VISION!

A number of Naturefriends groups are already setting a good example by donating 1 euro per member per year to the Climate Fund.

You can support our joint commitment to climate justice by sharing our social media, organising events, or initiating your own projects. Together, we can work towards a good future for all.

BECOME A DRIVING FORCE FOR CLIMATE JUSTICE!

Donate simply and unbureaucratically here.
